PART 2 of 2:

I _____, hereby certify that I fully understand the provisions of the Cumberland County Erosion & Sediment Control Ordinance and Program, and that I accept responsibility for carrying out the Erosion & Sediment Control Plan for the above referenced project as approved.

I further grant the right-of-entry onto this property, as described above, to the designated personnel of Cumberland county for the purpose for inspecting and monitoring for compliance with the aforesaid Ordinance.

The following general statements shall apply to all permits:

1. All projects shall conform to the standards and specifications and other criteria adopted by Cumberland County unless a variance has been granted in writing by this locality.
2. The issued Erosion & Sediment permit must be kept on the work site and shown on request.
3. Cumberland County must be notified when work commences and when the project is completed.
4. Other work (grading, excavating and construction) on the project shall not commence until the appropriate erosion and sediment controls are in place as specified on the plan.
5. Applicant agrees to be responsible for any and all damages to any other conservation, measures already in-place as a result of work covered by this permit.
6. Applicant agrees to maintain the conservation measures in satisfactory operating condition until final, permanent stabilization is achieved.
7. The land-disturbing permit may be revoked, should the locality determine that the project is not in compliance with the conditions of the approved plan.

I _____, hereby certify that I have read and understand the above requirements of this permit.
